

Latest Inverter Technology.

FRD 8994 Frenchdoor (dark inox)

- ✓ Inverter technology brings lower noise level (39dB – Soundemissionclass C), reduced power consumption and longer freshness and shelf life of food
- ✓ Frost-free through Total No Frost functions in the refrigerator and freezer area (Multiairflow System)
- ✓ Ample storage space thanks to 357 (228/129) liters useful capacity
- ✓ Integrated touch display to control the two different cooling zones

Further Benefits

- Energy efficiency class E with only 260 kWh/year
- 2 x large pull-out freezer flaps - energy-saving as only part of the area defrosts when opened
- Door alarm if door is opened too long
- Incl. egg tray and mechanical ice maker

10 JAHRE
GARANTIE
auf INVERTER MOTOR

SEVERIN guarantees - 10 years on the modern inverter compressor

Modern LED lighting for a perfect overview in the refrigerator and freezer area

Adjustable safety glass shelf and large Veggibox for optimal storage

Adjustable temperatures of the two different temperature zones via a touch display

Large freezer drawer for separate opening and thus less defrosting.

Second large freezer drawer incl. sliding clipboard

For friends of technology

- Climate class: SN-T
- Freezing capacity: 6,0 kg/ 24 hours
- Freezing time during power failure: 17 h
- 3x height adjustable shelves made of safety glass and chrome applications
- 3x door compartments on each side
- Colour: Dark Inox
- Unit dimensions: 180.3 x 65,4 x 71,5 cm

Logistics data:

Weight approx. 73.0 kg, gross weight (incl. packaging) approx. 80.0 kg
Package dimensions: 189.4 x 72,2 x 77.8 cm
